

Gift of Life presents

The Isabelle Ellis
Memorial Golf Classic

Wednesday, June 16th, 2010

Deer Creek Golf Club
133rd and Metcalf, Overland Park, Kansas

Gift of
LiFE

Isabelle's Legacy

Isabelle Ellis was born with a congenital heart defect and lost her battle at the age of three while waiting for a life-saving heart transplant. Her parents, Chris and Amanda, have partnered with Gift of Life to continue to build awareness of the critical need for organ and tissue donation. They have also established HOPE, the Heart of a Princess Eternally charity to provide nursing scholarships and care packages for other young families confronted with extended pediatric hospital stays.

Gift of Life, a local nonprofit, delivers the Life Savers program to seventy-one area high schools empowering teens to share their decision about organ and tissue donation with loved ones. The Life Mentors program is also provided by Gift of Life to families still waiting for a life-saving transplant, new transplant recipients and living donors.

Can you help with an auction item?

We invite you to support the efforts of Gift of Life and the Ellis family by donating an auction item. Your donation will raise funds to help us continue to empower individuals to talk with loved ones and express their wishes about organ and tissue donation – ultimately saving lives in our community.

As an auction donor you will receive recognition in the tournament program, on the giftdonor.org web site and will be included in an electronic newsletter to 1,500 supporters of the transplant community in Kansas City. We expect at least two hundred individuals to attend the tournament, dinner and auction at Deer Creek. Your item will be displayed with a full description during the reception prior to dinner.

Make a difference. Help provide the gift of life by donating an auction item. We look forward to your response!
